BATTERY SAFETY INFORMATION

- Never mix old and new batteries (replace all batteries at the same time).
- Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
- Always replace all batteries at the same time.
- Alkaline batteries are recommended for best performance.
- Rechargeable batteries are to be removed from the toy/game before being recharged.
- Rechargeable batteries are only to be recharged under adult supervision.
- Non-rechargeable batteries are not to be recharged.
- Do not mix different types of batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Batteries are to be inserted with correct polarity.
- Exhausted batteries are to be removed from the toy.
- Supply terminals are not to be short-circuited.
- Dispose of batteries safely (Do not dispose of batteries in fire, batteries may explode or leak).
